

Bunbury Golf Club

CLIFTON PARK

The Bunbury Golf Club boasts a fully reticulated 18 hole golf course in a tranquil setting between the Collie River and Leschenault Estuary. It is a well wooded, challenging course with large undulating greens. Bunbury Golf Club is located 150km south of Perth at Clifton Park (approx 10km north of Bunbury). First established in 1948, the Club policy has been one of continual improvement with the

course rated in the top 10 in Western Australia, and No. 59 throughout Australia.

The clubrooms are situated on the hill adjacent to the carpark, overlooking the Leschenault Inlet with a natural bush setting.

The course ambles amongst 180 acres (72 hectares) of native trees and plants and is home to numerous varieties of fauna including over 200 kangaroos which are an attraction to many visitors.

Golf is the most highly participative sport in Australia, and Bunbury Golf Club encourages all men, women and juniors to become members of our Club, enabling you to play around Australia and the World as a visitor.

Being a member of the Bunbury Golf Club you will gain a fully maintained Australian Golf Union (AGU) handicap enabling you to play in competitions or just play socially.
